

BERNARD CONTROLS partner of the Gas industry

Our actuators are used for all types of applications in the Gas sector.

Storage

Compressor, Gas sphere, Inlet & Outlet gas valves, Pressure reducer, Fire-fighting

Consumers

Recompression unit

Compressor, Metering system, Modulating valves

Storage

Compressor, Gas sphere, Inlet & Outlet gas valves, Pressure reducer, Fire-fighting

Subterrean storage

Wells manifold, Gas injection, Metering system

Platforms

Manifold, Chokes vales on/off, Chokes valves modulating

Gas wells

Manifold, Chokes valves on/off and modulating

Liquefaction train

Compressor, Dryer, Metering system, Jetty system, Fire-fighting

Storage

Compressor, Gas sphere, Inlet & Outlet gas valves, Pressure reducer, Fire-fighting

Gas treatment plant

Compressor, Manifold, Metering skid, Fire-fighting

LNG tanker

Loading valves, ballast

Regasification plant

Liquid unloading arms, Tank Pump, Tank liquid fill, Vapour discharge, Vaporiser valves, Water cooling system, Gas outlet valves
