

FACTS & FIGURES

2015

GLOBAL PARTNER ALWAYS BY YOUR SIDE

50M€ Turnover 2014

40 000 actuators produced per year

1 Corporate Headquarters

4 Operating Areas (OA)

→ Asia - OA

→ Europe - OA

→ North America - OA

→ Development - OA (India, Middle-East, Russia, South America...)

11 Operating Units (OU)

BC BENELUX - BC CHINA - BC DEUFRA - BC FRANCE -

BC INC - BC ITALIA - BC KOREA - BC MIDDLE EAST -

BC RUSSIA - BC SINGAPORE - BC SPAIN

2 Manufacturing Units (MU)

→ FRANCE / MU1 - Paris region Gonesse factory + SETO

→ CHINA / MU2 - Beijing

More than **50** agents and distributors throughout the world

More than **400** employees

75 YEARS OF EXPERTISE

Certifications...

→ ISO 9001, ISO 14001, OHSAS 1800,

→ ATEX, NEMA, IEEE, RCC-E, SIL...

→ ABS, CSA, BUREAU VERITAS, GERMANISCHER LLOYDS, GOST, INERIS, TÜV (Non-exhaustive lists).

Approvals by the largest prime contractors & industrial players:

ADNOC, ALSTOM POWER, AREVA, BLUE CIRCLE, ENEL, EDF, ESKOM, GAZ DE FRANCE, GAZPROM, KNPC, KOC, LAFARGE, NIOC, PETROBRAS, QATAR PETROLEUM, SAUDI ARAMCO, SHELL, SOFRESID, TRACTEBEL, TECHNIP, TOTAL, VEOLIA...*

→ BERNARD CONTROLS designs and manufactures electric actuators and control systems for industrial valves' automation.

More than mere products, BC offers innovative solutions that assess each type of movement, environment, operation and control requirements, in order to perfectly meet customers' needs.

BERNARD CONTROLS is a leader in the world electric actuation market, number one in the nuclear sector and also close partner of the most demanding industries: Power, Water, Industry and Oil & Gas.

→ An electric actuator allows to command and control the motion of industrial valves and dampers. Depending on the required applications, it can drive the valve from fully opened to fully close positions, or modulate a flow precisely.

SOLUTIONS ALWAYS BY YOUR SIDE

In order to meet the specific needs of each customer and each application BERNARD CONTROLS offers a wide range of electric actuators and associated control technologies. Two product labels guide your selection: **FIRST BC** for moderate environmental & operational conditions and **BC PREMIUM** for demanding applications with panel of options and services.

→ BERNARD CONTROLS is present all along the product life cycle, from the design stage to maintenance, as well as for commissioning and training. Our international experts, trained to the highest technical levels, manage the implementation of solutions perfectly tailored to markets requirements.
