

## BERNARD CONTROLS new multi-turn electric actuators in preview at Valve World Asia 2017

During the exhibition which took place in Suzhou, China, on 20<sup>th</sup> and 21<sup>st</sup> of September, BERNARD CONTROLS presented in preview its new ranges of multi-turn electric actuators AT and BT, specially designed for the Power-Water-Industry applications.

BERNARD CONTROLS CHINA was pleased to welcome all the numerous visitors who came on its booth to discover these new ranges of multi-turn electric actuators during the event.

The AT range, with 6 multi-turn references under the **FIRST BC** label, has been created for moderate environmental and operational constraints, to offer to users the essentials: the key functions to operate their valve safely and efficiently in case of standard applications.

The BT range, a range of 6 multi-turn references from the **BC PREMIUM** label, has been designed as a modular evolutive platform with many options to offer to customers the perfect solution for easy and safe management of the most demanding applications.

Soon available in 2018, you can get a first presentation of these products on [BERNARD CONTROLS website](http://www.bernardcontrols.com). For additional information, do not hesitate to contact our sales teams. BERNARD CONTROLS CHINA was also proud to display the new AQ range of quarter-turn electric actuators. Already available, these products are super compact, with full metal enclosure and integrated LOGIC control with Bluetooth as standard. Learn more on our [website](http://www.bernardcontrols.com).

### About BERNARD CONTROLS

BERNARD CONTROLS designs & manufactures electric actuators and control systems for industrial valves' automation. Global leader in the nuclear market, BERNARD CONTROLS is one of the main actors in the global actuation business.

BERNARD CONTROLS is present all over the world and coordinates its activities within 4 Operating Areas which gathers 16 Operating Units in Americas, Asia, Europe and India / Middle- East / Africa. Our 3 Manufacturing Units are located in China, France and in the United States. The Group also relies on more than 50 agents and distributors throughout the world. Leader in the nuclear market, BERNARD CONTROLS is also the close partner of challenging sectors such as Power generation, Water, Industry, Oil & Gas. Its solutions are suitable for all applications from on-off to high duty fast and precise modulating. The company's products & organization have been certified according to main international standards (ISO 9001 - ATEX, INMETRO, EAC, IECX, INERIS, BUREAU VERITAS - CSA, FM, NEMA 7 and 9, TÜV...) and approved by the largest prime contractors & industrial players worldwide (ADNOC, ALSTOM POWER, AREVA, BLUE CIRCLE, BUREAU VERITAS, ENEL, EDF, ESKOM, ENGIE, GAZPROM, KNPC, KOC, LAFARGE, NIOC, PETROBRAS, QATAR PETROLEUM, SAUDI ARAMCO, SHELL, SOFRESID, TRACTEBEL, TECHNIP, TOTAL, VEOLIA...).
