

New AQ quarter-turn electric actuators in a Chinese thermal power plant!

Few weeks ago, Bernard Controls China installed quarter-turn electric actuators from the new First BC AQ range on site for the first time in China!

In December, Bernard Controls China delivered AQ electric actuators in a thermal power plant in the Sichuan Province, in China. Mounted on butterfly valves, the customer chose AQ with new LOGIC (v2) integrated control. This new LOGIC offers user-friendly interface with large LCD display for non-intrusive settings and Bluetooth communication as standard to set up actuators with the BC APP, the new mobile application by Bernard Controls. AQ LOGIC are the best combination between compact design and ease-of-use, while being very competitive!

New LOGIC integrated control is available in 14 languages directly selectable using local commands or the BC APP, to set the actuator menu. Thanks to the Chinese version, the commissioning went very smoothly and the end-user congratulated Bernard Controls' team for the simplicity of the settings: "one of the easiest actuator to set-up on valve"!

2018.01 – Press Release / Product

//////// ABOUT US

BERNARD CONTROLS designs & manufactures electric actuators and control systems for industrial valves' automation. Global leader in the nuclear market, BERNARD CONTROLS is one of the main actors in the global actuation business.

BERNARD CONTROLS is present all over the world and coordinates its activities within 4 Operating Areas which gathers 16 Operating Units in Americas, Asia, Europe and India / Middle- East / Africa. Our 3 Manufacturing Units are located in China, France and in the United States. The Group also relies on more than 50 agents and distributors throughout the world.

Leader in the nuclear market, BERNARD CONTROLS is also the close partner of challenging sectors such as Power generation, Water, Industry, Oil & Gas. Its solutions are suitable for all applications from on-off to high duty fast and precise modulating. The company's products & organization have been certified according to main international standards (ISO 9001 - ATEX, INMETRO, EAC, IECEX, INERIS, BUREAU VERITAS - CSA, FM, NEMA 7 and 9, TÜV...) and approved by the largest prime contractors & industrial players worldwide (ADNOC, ALSTOM POWER, AREVA, BLUE CIRCLE, BUREAU VERITAS, ENEL, EDF, ESKOM, ENGIE, GAZPROM, KNPC, KOC, LAFARGE, NIOC, PETROBRAS, QATAR PETROLEUM, SAUDI ARAMCO, SHELL, SOFRESID, TRACTEBEL, TECHNIP, TOTAL, VEOLIA...).
